

NY Forward - Village of Canastota Individual Vision Statement Exercise

Please help develop the Canastota NYF Vision. Read the draft vision statement that was included in the application and let us know what resonates with you, and what could be better.

DRAFT VISION STATEMENT:

The Village of Canastota seeks to create a better community for our residents and provide opportunities to ensure the continued growth and prosperity of the village for generations to come.

The vision statement is forward-looking and should:

- Be specific to Canastota
- Highlight unique aspects
- Include key characteristics and aspirations

WHAT RESONATES WITH YOU:

- Future Generations
- Opportunities

WHAT COULD BE BETTER / WHAT IS MISSING FROM THE VISION STATEMENT:

- Vibrant
- Walkable

NY Forward - Village of Canastota Individual Goals Exercise

Help us develop the 4-6 goals which will be part of the Strategic Investment Plan. Projects that are recommended for NYF funding at the end of the planning process should help achieve one or more of the goals.

DRAFT GOALS (FROM THE VILLAGE'S APPLICATION):

- Job growth
- Improved quality of life for Village residents
- Housing affordability and availability

WHAT WOULD YOU CHANGE ABOUT THESE 3 INITIAL DRAFT GOALS?

Grist Mill of wind + solar @ Erie Mill to move (Jim's idea)
water, look old.

Solar would move the water wheel.

WHAT OTHER GOALS SHOULD THE LOCAL PLANNING COMMITTEE (LPC) CONSIDER?

Working to bring back the vibrancy of the village that existed before the NYS Thruway was built. People came to Canastota for Goods & Services, now they use the Thruway to go elsewhere for those things. Jobs are needed. Most leave Canastota to go to Oneida or Onondaga Co. for good paying jobs that we lack.

DRAFT GOALS (FROM THE VILLAGE'S APPLICATION):

- Job growth
- Improved quality of life for Village residents
- Housing affordability and availability

WHAT WOULD YOU CHANGE ABOUT THESE 3 INITIAL DRAFT GOALS?

- The lines for the project area map.
- More recreation area.
- More space for youth programs.

WHAT OTHER GOALS SHOULD THE LOCAL PLANNING COMMITTEE (LPC) CONSIDER?

The industrial park area on Dominic Bruno ave to be a recreation area for youth sports as it is accessible from S. Main Street.

In a few words, what resonates most with you/what is most important to you?	In a few words, what could be better/what is missing from the draft vision statement?	What would you change about these 3 initial draft goals, if anything?	What other goals should the Local Planning Committee (LPC) consider?
Our children's future	I think it's a good statement	Improve/update youth areas for children to go to and play	More areas for recreational activities, these bring communities together and showcase home grown businesses with outdoor markets etc
Being able to be outdoors safely, provide for our youth, update what we already have.	Draft statement is awesome as is.	Space for ALL youth sports. Open green space.	Meeting with loc youth sports programs to see what their needs are for space to accommodate to ALL
Community being there for each other	To sustain a vital downtown that enriches the business community, embraces the rich history of our village. Promote a welcoming atmosphere to give everyone a welcoming sense of belonging		Cleaning up the community. Streets, yards, sidewalks ect Economic vibrancy & cleanliness & safety
Safe communities	NA	More business diversity	Limiting the amount of smoke shops and delis in the area
the continued growth of our village alongside a better community.	I think the vision statement itself is fine.	It probably fits within the 2nd bullet point, but, a safe, walkable downtown area with multiple core commerce storefronts.	Widened walkways around the main downtown block. The renovation / modernization of storefronts.
"continued growth"	Growth and prosperity is vague. I'd rather see something like economic growth and innovative industry.	I don't think we need job growth. Job growth is an antiquated way of looking at growth of a community. We currently have employers struggling to fill positions and neighboring communities with the same concerns. Suggestions for change: professional services (if you believe "jobs" are needed then they can be higher salaried positions.) Housing affordability is not a clear goal. Is the intention to increase low income housing projects? I think more single family or two family houses are effective, or more market rate apartment units to encourage the "bedroom community" of Syracuse.	An identity. Canastota should choose something they are known for and grow with the identity. An identity helps a community move forward with a plan and a unity among residents. There should be more thought into the types of businesses in the downtown and the business parks with a focus on innovation and future; a consideration for bringing more dollars INTO canastota rather than recycling the dollars around Canastota.
Community pride	I like it	Recreation Center for children	Recreation Center area for children

What features draw people to downtown today?	What are the area's challenges?	What opportunities exist for NY Forward funding to build on?
Food, sporting events	Not enough space, needed space that is available it too wet	Helping create additional recreational areas
Safe walking.	Not enough signage for parking.	Historic buildings, open spaces.
Good hair salon, some restaurants	Empty building and they look like dumps	We need nice restaurants
Nothing, unless you happen to need/use one of the few businesses left. Most just pass through to get to the thruway or route 5.	Lack of spending locally, inability for small businesses to sustain. If there was a thriving downtown I foresee parking being an issue. Terrible school ratings.	It's prime location. Wedged between thruway and route 5. Most importantly the residents want to support the initiative. The structure is there, beautiful old buildings, good traffic flow between Peterboro and Main.
Small personable community life	Increasing amounts of crime and futile, pointless smoke shops popping up everywhere claiming they are "deli" or "corner stores"	A large lot is across from the nys thruway exit that could easily be the location for a nice restaurant. Towns people would enjoy that and it's right off the thruway which would result in increased profit
Food and beverage alternatives, entertainment and core businesses.	Population / mean income.	A very strong community foundation.
The trails/walk-ability. Being able to walk the trails and grab ice cream.	The walk-ability of the community. The sidewalks are not high priority. There are less trees and flowers and it's losing aesthetic. There are limited things to "do" on a walk. More community art or historical signs along the canal, rail trail, James Street trail, etc would be effective	<p>The canal should be a top priority. It runs through the downtown and makes Canastota unique.</p> <p>The library and museum should be considered in the application as a major point of opportunity. Both are areas of interest to both community members and the outside. If both were given priority to grow and modernize, it would increase the quality of life of residents, as well as bringing outsiders into the community or be valuable assets when considering a move to our community. The library should have a media center and tech capabilities, similar to the Fayetteville Free library.</p> <p>The OCWA building should also be considered for a public/private partnership. That is off the tax roll currently but could be turned into a sports center, community center, etc with the proper partnership.</p> <p>Celebrations is consistently in trouble for various reasons including mold etc. They need help and the village has invested in them before. This should be prioritized as an area of interest because of priority 2, quality of life. Families</p>
We are starting to rebuild our retail establishments.		New businesses coming into the village
